

Mr. Gerald "Gerry" Hardy

March 15, 2019

After a long and fulfilling life, living throughout Canada and the United States, Gerry (or Poppa) passed away peacefully on March 15th, 2019 at the age of 93. Born and raised in Toronto, Gerry completed a degree in biochemistry at the University of Toronto before pursuing a successful career as a brewmaster. This work led him and his wife Bernice, and their four children Daryl (Michael), Gregory (Carol), Lorraine (Brent) and Scott (Debbie), to make home in a number of cities across the continent. Gerry lived an active, social life, treasuring his daily walks and playing golf well into his eighties. A loving husband, father, grandfather to seven, and great-grandfather to two, Gerry is already dearly missed. Our family thanks the staff at the Mill Creek Care Centre in Barrie, Ontario, for the kindness they showed Gerry (and Bernice) over the last couple of years.

Comments

“ Dear Bernice and Family,
After many searches in the past I found you due to the obituary posted. Leon and I want to wish you all our condolences, however late they are. We're sorry to see that Gerry passed on and we're sure that leaves a hole in your hearts, this coming up on the first anniversary . We have many fond memories of our times when we shared meals, enjoyed stimulating conversations and laughed at Gerry's many jokes in Sarnia. I would like Bernice to make contact with me by email and kindly give me the current phone number where I can reach you. Liz's email address is tiesha16@shaw.ca and the tel is 1-250-732-6040 It would be great to connect. Hugs and hope to hear from you!

“ A wonderful father-in-law who mentored me in business, life (and gardening) for so many years. We enjoyed many weekends together in Ontario with Gerry and Bernice and special times in Sarasota and Prince Edward Island. Those are the memories that will be lasting ones for me.
