“ Our family adored Kerry, who was first introduced to us by my sister, and his work partner, Alayne Bryk. Kerry always looked out for the "newbies" at GO and was a real mentor for so many. My heart goes out to Nadia, Christopher, Richard and sweet Nicki. Kerry treasured his family so much. XO

“ Kerry was the type of person who could walk into a room and brighten it immediately with his genuine smile and incredible wit. I consider it a true honour to have had the pleasure to know him and I miss him very much! He was a role model for many, a genuine soul, an incredibly easy going guy with a big heart and many (many, many) laughs to give. My deepest condolences to family, whom he always spoke so highly and lovingly of. He has touched so many hearts and he will be terribly missed.

“ Deepest condolences to the Ashton family on the passing of Kerry. I had the pleasure of working with Kerry for many years at GO and, it was a true pleasure. Kerry was one of the kindest, most generous, caring and fun people in an often busy and pressure filled environment. His smile, the twinkle in his eye and the quick one liner never failed to make us all stop for a minute to enjoy. Truly one of the kindest, most genuine people I ever worked with. Kerry, you will be deeply missed by your GO family.

“ My condolences to the Ashton family on Kerry's passing. I had the honour of working with Kerry for 15 years at GO Transit's Enforcement team. Simply put, he was awesome. Great sense of humour and able to put a positive spin on everything. He kept some very young officers in line and provided some sound advice over the years. A decent person and family man. Thank you Kerry for giving me some great memories, from your "I'm a real boy" puppet imitation to endless hours standing at model train shows promoting rail safety. A true professional.

RIP and keep them laughing up there. You will be remembered by many and missed.

“ I'm not sure what I will miss the most about my friend, his laughter, his stories, his incredibly big heart, I could go on and on. There are certain people that enter your life and you know right away that they are genuine, Kerry was this kind of man.

Kerry came over to Bus Ops about 6 years ago and we knew he was the right fit for the team. He could take a joke and roll with the punches and he was quite good at giving it back just the same. If you were in a bind, Kerry would go out of his way to help you out to make the situation better.

I feel incredibly blessed to have had him in my life, even if it was only a short time. We will all miss you dearly my friend. The position of Vice President of Total Bus Excellence will forever remain open, those shoes are just to big to fill.

“ Kerry was one of my first Supervisors when I worked at GO Transit.

I can honestly say that since I've left GO, I've had many different Supervisors, but they all seem to fail in comparison to him.

He would put on a gruff exterior, but when you really got to know him, he was one of the most caring, smart, and funny people I have ever had the pleasure of knowing.

The world has definitely lost one of its most unique people.

My condolences to his Family and Friends.

“ Kerry was a much beloved co-worker, friend and brother who always elicited the best of those around him by simply being true to who he was. He was a “Gentle Giant” among all those who had the fortune to know him. I was blessed to work with and for him for decades. There was so much joy and laughter in the lighter moments which made up for the darker parts of our job, at times. The stories he relayed....owning a chinchilla farm....being a canine handler etc... drew the many in with heartfelt laughter and pure joy for the moment of it. Work never felt like work when he was around. Sharing moments of life with coffee and cookies; Kerry spoke of Nadia – the love of his life and his much loved children with great and passionate love/joy! Mind you, there were also never ending moments of being schooled in freight train locomotives, light rail movements, talk of his model trains and scale that would light up his very being. He was a generous, caring, loving, humble man whose light, true laughter and wit will be sadly missed! Blessings my brother on your new journey. May grace shine upon you always and in all ways. My sincerest condolences to Nadia and children in these most difficult of times. Much love to you all! May there be some comfort in knowing he was much loved by the many! Humble and Kind by Tim McGraw played (3) times and with goose bumps in accompaniment each time.....there is a message for all in it! Thank you Kerry!

“ I was fortunate to have shared working conversations face to face with Kerry last Monday, Tuesday and Wednesday. We passed each other in the entrance to the Bus Operations Department at Steeprook Garage on Wednesday just before 11:00 am and he said he was coming down with something - maybe the flu, and unsure if he was going to finish his shift. The call the next day from a fellow Bus Fleet Supervisor with this news rocked me as I know it has with so many others. It was indeed a privilege to have known and worked with Kerry. Anyone that has done so will let you know of the gentleman that he was, towering above others with his kind, genuine, knowledgeable attributes and that wry sense of humor. We will miss you my friend! Rest in peace! Our Deepest Sympathy to the Ashton Family.

“ I have had the privilege of working with Kerry at GO for the last 10 years. He was my direct supervisor for several years and was honestly one of the best bosses I have ever had. I always felt comfortable confiding in him, and he always gave the best advice. He was hard working, compassionate, loved and cared for every one of us. Kerry had moved to the North corridor and I hadn't seen him in a few years until 3 weeks ago when because of a disruption he was at York university almost every day. And every day he would come check on all of the drivers to see if we needed a ride to the facilities as it was a very long walk in the cold weather. Always thinking what he could do to make our day better. Such a great man and I will miss him tremendously.

Jennifer Bellamy - March 18, 2018 at 09:17 AM

“ Whenever I helped Kerry with anything during his shift he would always tell me that he would send me flowers to thank me then feign surprise that they never arrived. This was our private joke that never got old no matter how many favours I did for him.

His family was the world to him. I truly cherished Kerry's wit, compassion and friendship. He was someone who I could always count on and had the most active imagination ever.
