

Cpt. Kevin John Hollands

July 30, 2018

It is with deep sadness that we announce the passing of Captain Kevin J. Hollands, age 59 on July 30, 2018 at his home in Minesing, Ontario after a long battle with cancer. Beloved son of Doreen Hollands (Crook) and the late Robert Hollands. He is also survived by brothers, Martin (Wendy) their children Lindsay (Bill) and Brad, Ian (Iris) their children Elizabeth and Cameron (Victoria) and their son Mackenzie. Good friends Courtney and Debbie Earle, as well as his extended family in the United Kingdom. Kevin was very fortunate to find his true passion in life of being a pilot. Kevin flew for several companies throughout his career including Aklak Air, Bearskin Airlines, Air Atlantic and most recently WestJet for the past 19 years. Kevin held several positions at WestJet including Line Pilot, Training Pilot, Chief Pilot and Director of Line Operations. Kevin's interests outside flying included carpentry/wood working, boating and fixing anything mechanical. If you had a car or boat problem, Kevin was your go to guy. A very special thank you to his very good friends Bruce and Marian Wild, their Family, and Sophie the dog his constant companion for all their help and support. Many thanks to the doctors and staff of the Royal Victoria Regional Health Center for their excellent care. In Lieu of Flowers, donations can be made to the Canadian Cancer Society and the SPCA. Online condolences and memories may be left at www.steckleygooderham.com

“ My sincerest condolences to all family and close friends of Kevin’s. I have been with WestJet for ten years and have had the pleasure of working with Kevin who was always a dedicated and knowledgeable pilot as well as a kind and caring soul. After having lost my father in law to cancer this past fall to cancer - and who was also a dedicated aviator - I wanted to reach out and let you know that my thoughts and prayers are with you. I am sure you will find the support and comfort in knowing that so many lives were positively affected by Kevin’s passion and presence.

“ I met Kevin briefly through a friend of mine from Vancouver late in 2000. The next time we met was the night before my first day of ground school on B737-200 January, 2001. He picked me up at the airport, brought me to his home, and offered me a place to stay during my classes. On top of that, he insisted I use his truck when he was in Denver doing Sim rides. I was so, so grateful to him and he would not accept any money from me, so all I could do was gas up his Bronco, and buy stuff for the fridge (good thing he liked Beer!)

We were paired together a few times over the next year on the 200, and he was such an awesome captain to work with. Lots of friendly visits to his office during his time as Chief pilot, and then offering his guidance to me during a family illness in 2013. Hadn't seen him over the last 2 or 3 years and was shocked when I heard the news of his passing while I was on a boating vacation. Kevin, You inspired me with your relaxed professional attitude, your great sense of humour, and dedication into building this fantastic company. You truly made a difference in my career, I feel such a void now that you have moved on. I will fondly remember my time knowing you. Gerry Cripps YVR Captain

“It is with great sadness that we say goodbye to a role model, mentor and friend. He was a natural instructor who embodied what it means to be a caring, genuine leader. Thank you for all you taught us, Captain Kevin Hollands. It was a privilege to have known you.

“ From the first time we met Kevin was always there to help anyway he could. He was very unselfish of his time, as I'm sure any of you can attest too. He was always the first one to offer solutions and support.

Kevin had a great sense of humor. There are a million funny stories, but one I remember, is being away for sim with him. He suggested that we go to the lone star (the night before sim) and have the "blooming onion", and we did. In fact we ate the whole thing and chased it with some beer. Unfortunately, the next morning, for our sim instructor he didn't find it funny at all. Kevin and I, on the other hand, had realized the error of our ways and embraced the humor in that situation. For all the years after that we always joked, when we were hungry, "hey feel like a blooming onion".

Kevin was a true friend, and I will miss him.

“Our condolences to all of Kevin's family and many friends. He has left us far too soon and his loss will be keenly felt by all whose lives he touched. We are thankful for the time we spent together more recently and will carry fond memories of his dry, wry sense of humour, his kindness, warmth and consideration for others, as well as the many conversations we shared catching up and sharing our life experiences. A special person who quickly found a place in our hearts where he will remain forever. May he rest in peace now he has gained a new set of 'wings'.”

“ I first time met Kevin back in 2005, and ever since he was my role model, my mentor. He opened the door letting me in to pursue my pilot career in this great country which became our new home. He was full of inspiration and energy, whose passion, personality, hard work and devotion have led my way through all these enjoyable years working for my dream airline. I was thinking of him too often, aware of his battle with cancer, praying for his speedy recovery and hoping to be flown once again doing reciprocal line checks. I would’ve been excited to see him again! And that would’ve been my turn to carpool. I was picturing in my head how we’d shake our hands at the end of the flight congratulating each other. And then we’ll sit in our modest neighboring nest enjoying some traditional Ukrainian appetizers and drinks... I want to pay tribute to this great man, aviator, friend and neighbour, who helped many of us to become what we are now, whose professionalism, ethic and enthusiasm were reflections of those fundamentals which made this company to be one of the best.
Let the earth be the sky, Kevin!

Alex Konstantinovski - August 07, 2018 at 03:50 PM

“ I was about 28 weeks pregnant and almost done work when I was assigned a red eye pairing. Those of you who have been there know how tiring they can be but perhaps even more so when you are pregnant. I wasn't looking forward to the flight when Kevin called me up and displaced me (took my flying) even though he was our chief pilot at the time and very busy. That is the man I remember so fondly. He always went out of his way to help others with a kind word or deed. It was always a pleasure to run into him on the line and “catch up”. I will miss his smile. Rest In Peace Kevin.

It was a priviledge and a Pleasure to have known and worked with this man, he has set the bar extremely high in his work ethics in the airline industry. He was a friend to all, and will be forever missed. Sending our thoughts and Prayers to Kevins family and close Friends. May your many fond memories bring smiles and Laughter in the days ahead.

We are so sorry and sad to hear about Kevin, he was a really lovely cousin. “ My sincere and heartfelt condolences to Kevin’s family and friends. Kevin will be greatly missed by all us that were fortunate enough to have known him. I had the pleasure of both working with and for Kevin for three decades at Air Atlantic and WestJet. He was unequivocally one of the most ethical, honest, professional and personable people I have ever met.

Kevin was liked and respected by everyone, This is rare when you are in a leadership position especially in the airline business, and he accomplished much while maintaining his humility. Kevin was not afraid to stand up for what was right, had a passion for the flying profession which is in a league of its own, surpassed only by his very high level of skill and knowledge.

I feel fortunate to have had Kevin as my mentor. He has taught me so much and his legacy of caring and compassion for others, on both a personal and professional level, will live on forever. He will leave the rest of us big shoes to aspire and live up to. You made the world a better place Kevin, and we will miss you!

“ Growing up I always referred to Kevin as “Uncle Kevin”. I always looked forward to him coming to Halifax for a visit, and spending Holidays with him. He was always so positive, and had a contagious smile and laugh. He was the type of person who would want to give anybody a helping hand if he could. Our little dog Lily doesn't warm up to people easily, but she was always eager to cuddle up with Kevin whenever he came to visit. We will miss you lots Uncle Kevin. Love you.

He always made himself available as a sounding board when we worked together in the office. I found his constant positive outlook contagious. I think it's safe to say we all admired and emulated him. “ I had the privilege of having Kevin as my captain on many occasions during my days as a flight attendant. He brought a kind, gentle, reassuring presence, and it made me happy to see that I'd be part of his crew. Even when I transitioned into the office and ran into him from time to time, he would always remember my name and stop to chat, which meant a lot to me. I will always remember his kindness. Thank you, Kevin. I'm so sorry for his family's loss. May they be graced with peace and loving memories.

“ I Thought he had it beat! I m truly saddened by this. kevin and I shared many great times after he helped me get on with Westjet. We hung out alot with C. Moss, BJ, doug Stewart, greg Hunter, Dave Strang, Ward Tower and a few others. We got together weekly and shared so many great memories together. Kevin always treated me as as equal even though I just arrived at WS. We became immediate friends. Ill never forget when we were river rafting and lost the number of the rafting company that was to pick us up. The only person i had the number for was Kevin in yyc that I could get a hold of. I was new and didnt know Kevin that well at the time. I called and he figured out where we were and didnt hesitate to come to our rescue. Being my Chief pilot I really didnt want to explain how we got into such a pickle. I think Mike Dunphy and Eddy walsh were out and with us. That explains alot of our situation but Kevin said is this Frank the new hire, I said yes and he just said ill be rite down and pick you guys up. No questions asked. As he already new mike and Eddy he was laughing when he finally found us just before the the water drop off by the zoo on the bow river. We all went for drinks and hung out ever since. Kevin is a guy Ive always respected and admired the more I got to know him. He always had time for me even when he was busy. I loved hanging out with him and telling jokes and stories. I guess he got a kick out of me. He made me laugh and I made him laugh. I will truly miss his smile and his laughter at my attempts to do so. Every time in the last few years that we would see each other we would almost start laughing because of all the crazy times we shared together. He truly changed my life by believing in me and giving me a chance at proving myself at Westjet. I will truly miss you Kevin Rest in peace my friend. Thank you for letting me be part of your life.

Kevin smiled reached for my coffee and said "Oh is that for me?" I said sure to the horror of Greg... He had salted the coffee as a prank on me... “ I first met Kevin Hollands on April 22nd 1984 in Big Trout Lake ON. I came up from Sioux Lookout to do some flying with the Navajo covering Jim Bennet, the local PA-31 pilot who was on days off down South, I believe. I was assigned to the YTL 'crew house' where Kevin and the other 'Trout' based pilots lived full time. Kevin was warm, hospitable and the complete stand up guy I would continue to know and admire over the next few decades at Bearskin, Air Atlantic, Inter-Canadien & WestJet. Rest easy Kevin Hollands, you were an inspiration to me and many others.
