“ Dear Kennedy family,

So many wonderful things have been mentioned about Lois that we feel there is little left to be said. I always enjoyed our times together at the family reunions when we chatted about our family heritage. I feel that these words which I read this morning really reflect who Lois was. "The life of every believer who presses on to follow God glows with the light of His grace and leaves a legacy that brings honor and glory to Jesus." We were sorry that we were unable to attend her service as we were both recovering from a virus. Your family was truly blessed that she was a part of it and she will be missed by all who knew her.

Dear Debbie & family,

My sincere sympathies at this heart wrenching time. No matter our age, we are never ready to say goodbye to our Mom. Our mother's see us take our first breath, and we see them take their last. They are often the most important person in our lives and the heart of our families. Going forward, as I did when I lost my Mom, you'll wonder how you'll ever go on without her, but the support of your family will move you through this difficult adjustment. When tears come on, just think of funny moments you shared with your Mom. I feel your pain, but I know it gets a little easier in time. Hang in there and focus on all the special memories with your Mom. xo
